

ENGINEERED TO BE BETTER

SUPPLIED WITH EXTENSION

The Autoflo Pillar Taps have the option of being supplied with an extension, to raise the height of the tap. This is particularly useful for installations where an above vanity basin is installed, creating adequate clearance for the sensor above the rim.

### TYPICAL DIMENSIONS

#### How to order.

eg. 100-0105 T (std tall)  
 100-0105 HC T (health care tall)  
 100-0106 ECO T (eco tall)
