

# DESIGN YOUR dream OUTDOOR KITCHEN

## Benefits of outdoor dining and kitchen spaces

Creating an outdoor area that can be used all year round for tasty barbecue-cooked meals, relaxation and to enjoy the company of friends, is a necessity in the modern Australian home.

### Increase usable space.

An outdoor kitchen or dining space expands the overall living area of your home that can be enjoyed throughout all seasons.

### Increase property values.

Functional and stylish outdoor spaces have become in-demand features for new home buyers.

### More opportunities to socialise and entertain.

Entertaining outdoors means easier clean-up and less worry about drink or food stains.

### Save on utility bills.

Enjoy the fresh air in summer and save on air-conditioning use, while maximising air flow and passive heat gain during colder months.

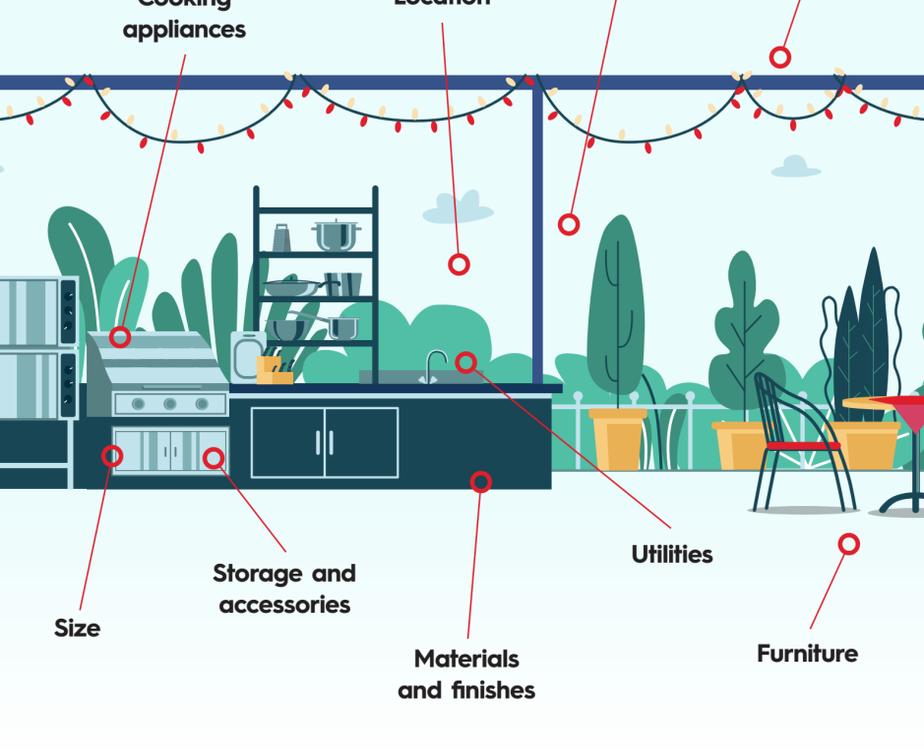

### Stress-relieving and wellness benefits.

Studies have shown that individuals who spend more time outdoors are less likely to suffer from anxiety or depression.

## Planning an outdoor extension for your indoor kitchen

Extending an indoor kitchen to the outdoors requires meticulous planning and preparation. A range of design considerations must be accounted for at the planning stage:

## The barbecue: The quintessential Australian outdoor cooking appliance

There are a range of barbecue options on the market, catering to a variety of cooking styles, fuel types and capacity needs.

### Gas, electric or charcoal?

### Fixed or portable?

### Special features?

- Grill and hotplate combinations
- Side burners
- Smoker
- Hood and control options
- Accessories e.g. utensils
- Weatherproof cover

## Creating a seamless transition from indoors to outdoors

Homeowners are relying on windows, doors and other clever design features to blur the line between indoor and outdoor areas.

- Adjustable roofs and windows
- Glass roofing
- Sliding doors
- Analogous furniture, colour schemes and decorations between indoor and outdoor spaces

## Beefeater BBQs: Life tastes better outdoors

As the boundary between the barbecue and the kitchen continues to blur, Beefeater BBQs continues its longstanding tradition of delivering the highest quality Australian barbecues and barbecue products.

Rated Highly Commended for The Reader's Digest's Most Trusted Brands Awards in this category in 2022, Beefeater BBQs offer three main types depending on your outdoor space - Portable, Free Standing and Built In - as well as a wide selection of barbecue accessories and outdoor fridges for your entertaining needs.

Each barbecue comes with special features to enhance the outdoor entertaining experience, and all offer durability and flexibility to withstand the harsh Australian climate.

- Quartz Titanium Ignition
- Rust Free materials
- Anti-Flare
- Flame Failure safety
- Infra-Red burners

Choosing a beautifully crafted and durable Beefeater product means you are not only helping the environment today, but also in the long term, by minimising waste and pollution.
